

AOPA LUXEMBOURG

Nav-Refresher 2025

REGISTRATION OPEN

Nav – Refresher FLY – OUT

Saturday June 14th 2025

The **Navigation - Refresher FLY - OUT** gives an opportunity to all pilots to improve their knowledge in preparation and realisation of

navigation flights. Especially pilots, getting their licence recently, have the chance to gather more experience, routine and confidence in navigation flights, flying in a team with more experienced pilots.

Three legs will be flown, so that each pilot has the chance to fly one leg as PIC.

Last year in Aachen

**Briefing: Wednesday
11 of June**

19:00 hours Aéro-Sport Club-house

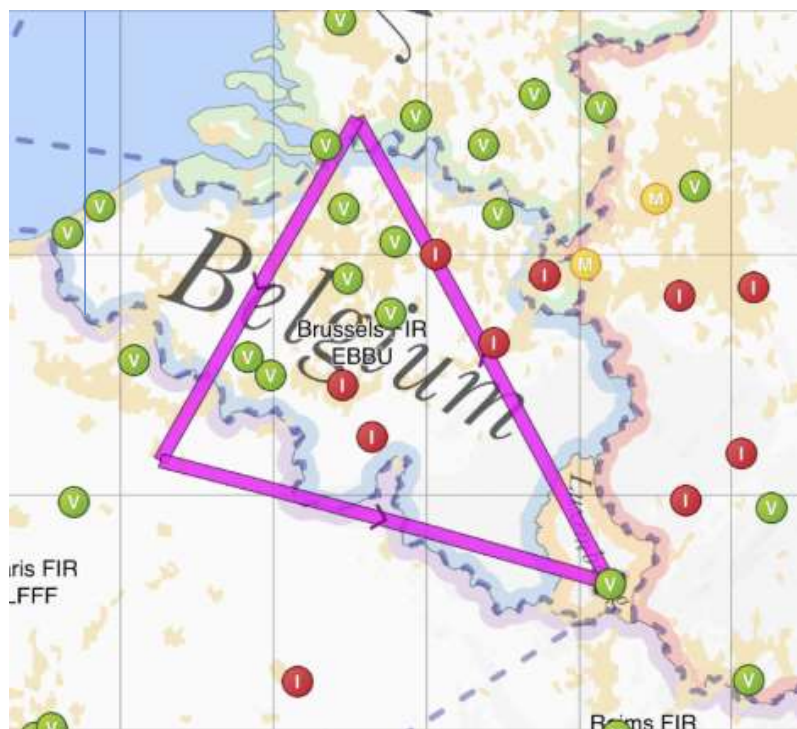

AOPA LUXEMBOURG

appr. 16:30 Departure Cambrai LFYG

18:00 – 19:00 Arrival Luxembourg

After arrival : Debriefing and Finger food (Findel Aéro-Sport)

WEATHER BRIEFING - CALL FOR ONE VOLUNTEER

The morning briefing at Aéro-Sport aims at getting the three flight legs reviewed within each crew, providing you with latest general and safety information, as well as sharing the weather briefing. In this respect, AOPA Europe does have a partnership with TopMeteo, which grants AOPA members a 15% discount on the annual package.

Could one participant to this fly-out, who is a user of TopMeteo, be willing to share the weather briefing preparation and presentation on this tool with the organiser. This would be the opportunity to briefly present TopMeteo, share your top tips in using it, and also demonstrate that AOPA promotes TopMeteo as a counterparty of the discount programme. Should you be interested, please leave me a message in this respect (etienne.haumont@aopa.lu)

Nav – Refresher FLY – OUT
